Mike is a member of the Garden State Story Tellers League and tells stories at the Grounds for Sculpture. He is an accomplished blacksmith with the Howell Living History Farm. Mike is also an artisan who makes beautiful and highly functional Appalachian brooms by hand. He operates Hollywood Garage Unibody Specialists here in town.

Mike prepares the campfire before he starts telling the stories. One of his favorite stories is about fishing on the ice at Colonial Lake. Both children and parents listen with rapt attention when Mike recounts this thrilling tale. The children are welcome to tell their own fish tales and ghost stories.

Light refreshments will be provided at the end of the program. If you have questions regarding the program please send us an email at lawrencenaturecenter@gmail.com or at terebh1812@gmail.com for additional information. You can also visit us at www.lawrencenaturecenter.com
